Twelve Months Dead Line.

By order of the Postoffice Department all weekly papers can no longer be mailed as second-class matter to subscribers twelve months or more in arrears. In complying with this new ruling we have been compelled to cut off 300 names, and all subscribers from this time on will have to be promptly dropped when their subscription becomes twelve months past due. Please keep yourself from under the dead line by paying one year in advance. Publisher.

Circuit Court Convenes.

Circuit Court convened at Stanton Monday with Judge J. M. Benton, presiding and Commonwealth's Attorney B. A. Crutcher present.

Judge Benton delivered his usual splendid instructions to the grand jury, which was clearly demonstrative that if the juries would follow his urgent requests the violators of the law would have a hard row to hoe.

The young attorneys are very prominent in many cases, and a number of visiting lawyers were present. There was an unusual number in attendance on Monday.

There has been three killings in the county since the last term of court and indictments in these cases will be returned at this session.

County candidates were galore and the happiest men there. All were most sure of success in their races. No candidates for Congress were there and no public speeches were made.

The grand jury has returned indictments against Grover and John West and Buford Cox for the killing of George Wm. Spencer on South Fork recently. Trial is set for next week.

In the cases of Dave Edge, John Young, June Walters, Jr. and Claude Alexander indictment was returned against Edge charging him with striking Marshal Johnson with deadly weapon with intent to kill, and the other three were indicted as accessories to the crime which occurred in this city about four weeks ago. The bail for Edge was reduced to \$500.

Judge Benton overruled a demurrer in the local option contest cases which means that they must be tried before a board consisting of the County Judge and two nearest Magistrates. This will then be Judge Derickson and Justices D. D. Potts and Wm. Davis.

Another ruling of Judge Benton was that the sale of lemon extracts was not a violation of the local option law though bought and used as an intoxicating beverage.

Dr. S. P. Hammons, assistant of Dr. C. B. Dixon, of Jackson, is located at the Red River Hotel for few days only where he is prepared to do all kinds of dental work at reasonable price. All work guaranteed.

The prevailing dry weather seems now beginning to cut grass, gardens, and the oat crop short. Oats are looking very bad and it is doubtful if rain at this time could save them from almost a failure. In some surrounding sections good rains have fallen the past week, but this is not the case in this county.

Harmonious Convention.

The State Democratic Convention which met at Lexington June 11, was a scene of harmonious gatherings. Every body wanted the other fellow to have a say and some of the honors. There was no spirit of selfishness at any time displayed.

The district conventions of the state were held in the morning and there was not a discord in any of these meetings and every thing was lovely.

Harmony was the watchword in the meeting of the Tenth congressional district convention and no contests were waged for any of the offices. I. S. Cline, of Pike county, and E. W. Sheriff, of Montgomery county, were elected temporary chairman and secretary by acclamation, and only one name was placed in nomination for the other offices to be filled. F. A. Lyon, of Lee county, was named for State Executive Committeeman, and Henry Cox, of Morgan county, for State Central Committeeman. Delegates to the National Convention chosen were: John C. Mayo, of Johnson county, and Thomas Stuart, of Clark county. Alternates: Joseph Harkins, of Floyd county; John M. Har-

graves, of Johnson county. Elector, R. R. Friend, of Estill county; assistant elector, Owsley Stanley, Congressman from the Second district was made chairman of the State convention. Speeches were made by many prominent Democrats present,

including James, Stanley, McCreary and Beckham and all for harmony.

It was decided to send six delegates to the Denver convention to cast the four votes and these are Senator McCreary, Governor Beckham, Congressman James, Colonel Halderman, Senator T. H. Paynter and J. C. C. Mayo, Henry R. Prewitt, of Mt. Sterling, was chosen chairman of the state.

The Lexington and Eastern will put on a West bound Sunday train beginning Sunday next. The train will not run on regular time but arrives here at the same time the East bound train arrives. See time card elsewhere in this issue. The railroad company desires to make this service permanent and will do so if the patronage will justify the extra expense.

After we had printed the inside pages, and after we had the forms made up for the outside pages we received a card from A. Floyd Byrd withdrawing from the race for Congress.

If you need a tooth pulled without pain see Dr. S. P. Hammon at the Red River Hotel for few days only.

John W. McKinney, one of Powell county's famous and pioneer cattle traders, aged seventy-six years, was stricken with paralysis at Patsey, Estill county, one day last week and had to be hauled home. He is in a very dangerous condition which seems to not improve under medical treatment.

Work is progressing nicely on the new college at Stanton and in a short time the building will be complete. In some parts the wall is put up to the top of the third floor. It is the intention of the promoters to have the building completed in time for the fall term.
